## Java Developer

Simoco systems & Avvas Infotech  
Kolkata, West Bengal

Apr 2013  
- Mar 2014

### Price Water House Coopers (Client location), Kolkata.

#### E-Cargo E-Commerce Portal (V-Trans)

Providing an end to end solution for V-Trans' operations, starting from the booking process to the delivery of goods to the customer. Create an e-commerce portal for V-Trans to help them control the movement of their transportations within or outside the country during the following processes – booking, outward, inward and delivery. Help them track the movement of their vehicles transporting the goods and determine the most effective route their vehicles should take.

#### Roles and Responsibilities

- Responsible for the integration of services with UI Layer and database.
- Unit testing the modules in DEV and coordinating with the business team to test the same QA environments.
- Building and deploying the application into server and unit testing. Documentation of the service story.
- Co-ordination with testing team in fixing Application/Integration /System level defects.

## Associate

Cognizant Technology Solutions  
Kolkata, West Bengal

Apr 2014  
- May 2015

### EED (Delta Airlines Inc.)

Today Adhoc work cards are maintained in Delta's CMS and AMDS systems. The Adhoc cards are accessed today through Delta's RON/Ramp work control application. Work cards are printed and then signed off as completed in SCEPTRE. Line packages and Adhoc work cards are not compiled and bundled like base packages which are created, scheduled and then assigned a work order number.

#### Roles and Responsibilities

- Worked as a developer on demand basis and involved in following tasks:-
- Responsible for integration of services with UI Layer and database.
- Unit testing the modules in DEV and coordinating with the business team to smoke test the same QA environments.
- Identify the root cause of defect and fixing the defect
- Building and deploying the application into server and unit testing. Documentation of the service story.

## Associate

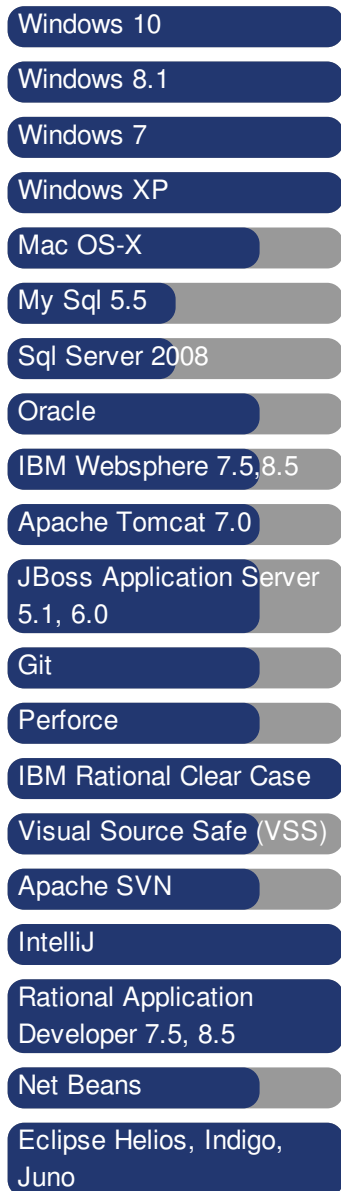

Cognizant Technology Solutions  
Kolkata, West Bengal

Jun 2015  
- Mar 2018

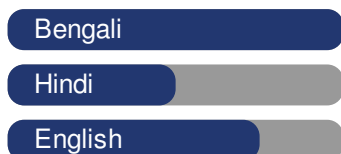

### Flight Crew Legalities (IFS) - (Schedule Retrieval Process) (Delta Airlines Inc.)
